

EIHC Subsidiary Signs Agreement with MOP Environmental Solutions, Inc

West Conshohocken, PA – January 18, 2012 – Equisol, LLC, a wholly-owned subsidiary of Environmental Infrastructure Holdings (OTC BB: EIHC), which is the parent company of various environmental manufacturing, engineering and services companies, announced the signing of an exclusive sales agreement with MOP Environmental Solutions Inc., (OTC BB: MOPN) based out of Bath, NH.

MOP Environmental Solutions (www.mopenvironmental.com) manufactures a “cradle to cradle” green product that is the most cost effective oil spill recovery system on the market. MOP stands for Maximum Oil Pickup and can be used on both land and water. It is 100% biodegradable, non-corrosive, non-toxic, non-irritating and can absorb up to 30 times its own weight in oil. The products are made from 100% recycled materials, treated to be fire retardant, and are very lightweight and easy to handle.

Michael Cooper, Equisol Energy Services President states “As Equisol continues to bring environmental solutions to our customers, we are happy to be able to offer MOP products as part of our portfolio. We see many opportunities to bring this unique environmental technology to the oil and gas, petroleum and chemical industries we serve.”

About Environmental Infrastructure Holdings Corp.
